

Call for proposals to host OLC-2023

From Oleg D. Lavrentovich, Chair of the Scientific Advisory Board of the OLC meetings.

On behalf of the Scientific Advisory Board of the OLC meetings, I announce a Call for Proposals to host the next meeting on Optics of Liquid Crystals, to be held in 2023. The venue and chairman of the OLC 2023, will be selected by the Scientific Advisory Board from proposals submitted by March 1, 2022.

We would like to encourage proposals from the community. Below are details that should be discussed in your proposal:

1. Chairman qualifications and commitment
2. Organizing committee members
3. The site: travel conditions, hotels, meeting facility, etc.
4. Conference budget evaluation
5. Anticipated sources of support
6. Existing commitments
7. Registration fee
8. Student / young researcher participation and expected student travel support
9. Travel support for other participants, including invited speakers
10. Conference dates (typically held in September).

Please send the proposals to olavrent@kent.edu; evaluation will be performed by the Board.

Members of the Scientific Advisory Board: L-C. Chien (USA), T. Galstian (Canada), R.S. Hakobyan (Armenia), O.D. Lavrentovich (USA), S.-D. Lee (South Korea), Y.-S. Lin (Taiwan), L.
